How to Play

BACK SEAT BINGO™ is a bingo event game with instant winners and bingo event winners. To play, the player would pay \$0.50 for the ticket and then open the windows on the back side to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front, they are a winner. All instant winners will have a cash payout showing the amount won. There are 1,800 tickets in a deal with 152 instant winners.

There are 75 bingo HOLD numbers in the set identified by a green bingo ball graphic and a bingo number (1 through 75). These holders have a chance to win a bingo event prize of \$150. The player holding the green ball number of the last bingo number drawn wins \$150.

There are also 15 HOLD numbers in the set identified by a taxi graphic, the word "DRIVER," a red number (1 through 15) in a circle, and the text "HOLD FOR CHANCE AT \$200" closest to the tab hinge. These "DRIVER" holders have a chance to win \$200.

Finally, there are an additional 75 HOLD numbers in the set identified by a taxi passenger graphic, the word "PASSENGER," a blue number (1 through 75) in a circle, and the text "HOLD FOR CHANCE AT \$25" closest to the tab hinge. These "PASSENGER" holders have a chance to win \$25.

Players who receive a hold ticket sign their name on the corresponding line of the card's "register", which is located on the back of the flare card. Holders of the green bingo ball graphic and a bingo number (1 through 75) sign their name on the "Green Bingo Number Register", "DRIVER" holders sign their name on the "Driver Ball Number Register", and "PASSENGER" holders sign their name on the "Passenger Ball Number Register". This ensures that if the game is not completely sold out in one day, the players will receive their winnings.

Once the game is completely sold out, the operator will draw bingo balls to determine the winning hold numbers in the game. The winning "DRIVER" hold number is determined when all the numbers in a vertical row on the bingo board are called. The number at the top of the first completed vertical row identifies the winning "DRIVER" number. For example, as shown in the sample below, if B-13, I-28, N-43, G-58 and O-73 are called, completing a vertical row on the bingo board, the winning "DRIVER" holder is DRIVER number 13. The player holding the one ticket with DRIVER number 13 is awarded the \$200 prize. The winning "PASSENGER" numbers are all five numbers in that same vertical row. There will be five "PASSENGER" winning tickets in the game. Each player holding a "PASSENGER 13," "PASSENGER 28," "PASSENGER 43," "PASSENGER 58," or "PASSENGER 73" ticket is awarded a \$25 prize. The player holding the green bingo ball ticket with the number matching the last number called wins a \$150 prize.

BACK SEAT BINGO™ can be played with any bingo game. If a bingo occurs before a vertical row on the bingo board is completed, the game operator will continue to draw bingo numbers until a vertical row is completed so a winning "DRIVER" holder number and associated winning "PASSENGER" holder numbers can be determined.
