### How to Play

There are four elements to the prizeboard in this rolling jackpot bingo event game. First, there are \$170 in instant wins within each deal. Second, the first player that dabs all three bingo ball numbers on his or her hold ticket will win \$200. Third, the holder of the ticket containing the first “B” number called will win \$100. Finally, if that first “B” number matches the “B” number under the jackpot card, that ticket holder will win the rolling jackpot amount (minimum \$200). [Note: Numbers under the tab will be B1 through B15, inclusive] Once all tickets in a deal have been sold, the bingo caller will announce the serial number of the Crazy B game in play.

Players open three windows on the back of the ticket. Winning symbol combinations are identified on the front of each ticket. All instant winners are determined by matching three identical symbols. There is a total of \$170 in instant winners in each deal.

There are also 25 “Hold” tickets that contain three bingo ball symbols each (B1 through O75, inclusive). The winner of the \$200 Bingo prize will be the first person able to dab all three of his or her balls on the Hold ticket based on balls being drawn from the bingo machine.. [Note: One winner only]

Fifteen of these twenty-five Hold tickets will contain one of the “B” numbers (B1 through B15, inclusive). The holder of the ticket containing the B-numbered ball corresponding to the first B number drawn from the bingo machine will win \$100. If that number matches the B number under the tab on the jackpot card, that person will win the jackpot.

Balls will continue to be drawn from the bingo machine until winners are determined for both sections of the game.

\$200 from each deal is allocated to the rolling jackpot. In the first game played, the jackpot will be \$200. If the B number under the tab (labeled Crazy B Jackpot) does not match the first B number drawn from the bingo machine, then the \$200 rolls over to the rolling jackpot able to be won on the play of the next deal. The jackpot will continue to grow by \$200 per deal until the B number under the tab matches the first B number drawn from the bingo machine. Each deal contains its own discrete jackpot card.
